MEMORANDUM FOR: Colonel James H. Macia, Jr., AFGIN

SUBJECT : Pick-up of Duplicate Positive by
Strategic Air Command

REFERENCE : TM 5672-7, 12 November 1957

1. Subsequent to my receipt of the referenced memorandum, you will recall you and I discussed the suggestion which [redacted] made, namely, that the Duplicate Positive for Strategic Air Command be turned over to the USAF [redacted]. You then subsequently reported to me that this would be the most convenient method of speeding up receipt by Strategic Air Command of its Duplicate Positive.

2. This memorandum is to inform you that Project Operations [redacted] will informally alert USAF when a delivery is to be made [redacted]. Would you be good enough to inform [redacted] (with a copy to me) of the arrangements that you have made [redacted] for secure receipt of the materials including the names of authorized individuals involved. Would you please also inform [redacted] of the names of the officers to receive the informal alert when materials are about to be delivered.
